* *The deadline for reporting information to be included in the official NYIB Annual Report was July 11, 2008. Some states may not have reported any presentations within the reporting year. This state report represents updated information reported to the NYIB as of August 5, 2008 and may not be reflected in the annual report.*

** *To qualify as a NYIB reportable presentation, the classroom or youth activity must be conducted to a group of students or youth audience under the age of 26. Presentations are defined as a structured (formal) presentation and can be conducted in a broad range of educational settings, including a traditional classroom, scout troop meeting, church group, community group, etc. Multiple presentations to the same group of students as a continuation of a topic are counted as a single presentation (ie. JA, NEFE HSFPP, etc.) Qualifying presentations are made by credit union employees, league employees and/or credit union volunteers. All presentations are reported and recorded individually.*

For information on the National Youth Involvement Board go to www.nyib.org
